90% White

92% Purity

225+ Mesh Fineness

A LEGACY OF PERFECTION

HTC Gypsum Industries stands on a solid foundation of four decades of expertise. We don't just follow industry standards; we define them. While others produce standard plaster, we have engineered a product that is significantly purer, whiter, and finer. This milestone is a reflection of our relentless pursuit of quality and the trust placed in us by the Indian construction industry.

UNMATCHED SUPPLY NETWORK

Bridging the Gap Between Demand & Quality.
Recognizing the critical need for timely material on site, HTC Gypsum has established a robust logistics network across major Indian cities. Whether for a high-rise residential tower or a commercial complex, our supply chain guarantees that our premium material reaches your doorstep uninterrupted and on schedule.

THE CHOICE OF VISIONARIES

We are the preferred partner for India's most reputed Builders, Architects, and Project Consultants. Professionals who refuse to compromise on finish quality choose HTC Gypsum because they know that a wall finished with our material adds tangible value and durability.
